# CleanCore SOLUTIONS™

Where Sustainability Meets Performance

## A safer more powerful cleaning solution.

Our EPA recognized device has patented **Pure Aqueous Ozone technology** that provides a cleaning and sanitizing solution proven to be equally as effective as traditional cleaners, but it is all-natural and safe!

**Our Aqueous Ozone Devices are Recognized By the EPA**

### pure AQUEOUS OZONE

*CleanCore™ has the only true on-site, on-demand nothing added Aqueous Ozone product line.*

### Simple, Safer, and Effective.

Our aqueous ozone is made completely inside our device. No other products, additives, or filters needed. Avoid harsh chemicals, leftover residue, and dangerous chemical mixes... Our solution is equally as effective as traditional commercial cleaners but is just water and oxygen.

#### TECHNICAL SPECIFICATIONS

Voltage	120 VAC
Amps	15A
Weight	120 lbs
Dimensions	25" x 18" x 40"
Flowrate	0.5 Gallons Per Minute (GPM)
Concentration	Quality Control checked to 1.0-1.5 Parts Per Million (PPM) ozone in solution
Spray Application Pressure	10 PSI
Water Source	Clean, cold, water

# HOW DOES **pure** WORK?

AQUEOUS OZONE

Our technology takes cold tap water and infuses it with ozone gas to create our **Aqueous Ozone Solution**. CleanCore Solution's™ patented technology creates a cleaning solution that contains a high concentration of dissolved ozone in the form of **Nanobubbles**.

- When sprayed onto a surface the CleanCore Solution's™ **Nanobubble** solution is attracted to soils, germs and other contaminants.
- Once attached to the contaminants the ozone solution eliminates them; converting back to air and water
- **Nanobubbles** increase the cleaning effectiveness by thoroughly covering a surface, as shown above.

## **pure**

AQUEOUS OZONE

- No storage, mixing, transporting
- Proven to clean and sanitize as effective as chemicals
- Cuts out excess materials and unnecessary synthetic chemicals
- A safer, healthier path to clean!
