## AQUEOUS OZONE

Our patented Pure Aqueous Ozone technology takes cold tap water and infuses it with ozone gas to create our Aqueous Ozone Solution. CleanCore Solution's™ patented technology creates a cleaning solution that contains a high concentration of dissolved ozone in the form of Nanobubbles.

## THE NANOBUBBLE DIFFERENCE

- Cleancore Solutions™ **patented technology** creates a cleaning solution that contains a high concentration of dissolved ozone in the form of Nanobubbles.
- **Nanobubbles** eliminate the risk of incomplete surface coverage by thoroughly covering an entire surface
- By eliminating the use of harsh chemicals, our solution delivers a **simpler, healthier, and more sustainable** way to clean and sanitize all hard surfaces and equipment.
